

Lockdales' Auction #287 Report: The Banknote Sale: 4-5 March 2025

Total prices realised: £111,000 (incl. premium)

Trending lots include first & last runs, errors, collections and experimental notes. We saw good sales in the Provincial section. Well-performing World material included Australia, Central & South America, Middle-East and Eastern Europe. Again the bulk collections were fiercely contested.

Our next main Banknote Sale takes place early June. Consignments welcome. Catch up with Kevin Watmough out on the circuit or contact our office. We also buy banknotes/collections!
